

Yes! I want to know more about the...

The Southern Strafford Community Health Coalition

Our Mission: "To improve the health of our communities through the collaborative efforts of the Southern Strafford Community Health Coalition."

The SSCHC will accomplish its mission by:

1. Monitoring the community's health status through the creation of a population-based community profile.
2. Improving the community's capability to respond to a public health emergency.
3. Informing, educating and empowering the community through health education and health promotion.
4. Developing policies and plans that encourage and assist individual and community health endeavors.

We welcome your interest and participation in improving our community's health and safety. For more information, please check your organization's area(s) of interest and complete the contact information below.

- Monitoring Health Status
- Emergency planning and response
- Health education and promotion
